Personal Statement

I am a bubbly, competitive, interactive person, who works hard towards sales targets and goals. I am a quick learner and am always looking for new challenges and ways to improve and learn. I enjoy creating, establishing and maintaining business and customer relationships and strive to excel at this. My hospitality and customer service background has stemmed into a strong mental aptitude for working efficiently under pressure, and creative problem solving on the job. I'm a staunch leader and take great pride in meeting, training and developing new recruits into reliable, knowledgeable and strong employees and friends.

I am looking for a role that will allow me to grow, take on new opportunities and more responsibility and teach me new skills. I have plenty of Customer Service, Supervisory, Management, Event and Operational experience and would love to work in a challenging environment.
